Job Placement title

Procurement and quality control and systems officer

Job Placement summary

We are looking for a detail-oriented Quality Control officer to ensure the food processing and production lines run smoothly and generate a consistently suitable output of products that meet quality and efficiency standards. The Quality Control officer understands the customer's needs and requirements and coordinates employee efforts and communications between management and the production teams. Your responsibilities will include performing some business administration and human resource duties.

Responsibilities:

- Gaining an understanding of the client's needs and requirements and communicating them and the quality standards to the production teams.
- Devising, improving, and reviewing new specifications and procedures for products or processes, and training staff to use them.
- Setting the requirements for raw materials from suppliers and monitoring their compliance.
- Supervising processors, food artisans, technicians, and other staff production members and providing guidance.
- Ensuring legal obligations are followed and ensuring compliance with regulatory bodies and with health and safety guidelines.
- Overseeing product development procedures to identify any deviations from quality standards.
- Inspecting the final output, comparing it to the requirements, and approving or rejecting the final products.
- Keeping accurate documentation and performing statistical analysis.
- Attending meetings, submitting reports, and assisting external auditors and inspectors.

About us: SACOMA GLOBAL Foods Innovation is a multifaceted UK healthy foods business with focus on natural and innovation. We develop and distribute/retail healthy foods and beverages. We are a rapid-growth disrupting food company with an award-winning brand and products. With a consistently high number of active projects we work across a broad variety of categories such as confectionery, snacking, condiments, baby foods, raw herbal infused honeys, hot and cold beverages, bakery, fresh produce and many more. Ours is a small team passionate about healthy and natural foods. Through our consumer education programme, eating well to live well, we want to help people to choose healthy foods, live healthier lives, as we engage with the food industry and other stakeholders to develop and supply foods that could deliver real health benefits and have a real impact on consumers' health.
